

WELCOME TO THE CROWN JEWEL OF THE RIVIERA MAYA

OVERVIEW

OUR CORNER OF THE WORLD

Nestled amidst a lush, protected natural area, the Resort beckons with an alluring blend of seclusion and immersion. Where the tropical jungle meets the powdery expanse of a 650-foot private beach, and the brilliant turquoise sea stretches out across 758 acres. Its lavish villas balance seclusion with a fully immersive beach experience. In line with its sister property, Chablé Yucatán, it pays tribute to the Mayan culture and history by putting their traditions at the forefront.

Surrounded by the breathtaking natural beauty of the region, guests will experience an unprecedented culinary adventure, highlighting the freshest local products and traditional flavors of the region.

BU'UL

Bu'ul, the Mayan word for bean, encapsulates the spirit of our cuisine. The corn, beans, and fruits from the garden are the inspiration for Chef Jorge Vallejo and the personal touch of Executive Chef Luis Quiroz, who brings his unique interpretation to the restaurant experience.

Bu'ul serves the freshest, seasonal contemporary Mexican cuisine from central and southern Mexico, in a luxurious setting, paired with a spectacular winery. Our cuisine is original and diverse, it has not only a recipe value but also a traditional one.

RAW BAR BY BU'UL

As the sun sets and the sea merge, the terrace of Raw Bar by Bu'ul becomes an intimate and idyllic setting to share with loved ones. Designed to showcase the vastness and splendor of the Caribbean, this space invites guests to admire the natural beauty that surrounds them. The cocktail bar, crafted by our skilled mixologists, serves as the perfect prelude to the lively atmosphere of the terrace. Indulge in an unparalleled view and a delectable culinary experience, all while surrounded by the stunning beauty of the Caribbean.

REDEFINING WELLNESS

Chablé strives to redefine wellness as a lifestyle, not a quick fix to burnout. To achieve that, Chablé turns to revere the mind, body and soul. By living in harmony with nature and honoring timeless traditions, Chablé offers different SPA journeys to better suit your needs and desires.

Drawing from ancient Mayan mysticism and rituals, Chablé places the spotlight on whole-body well-being through SPA journeys inspired by the purification the ocean provides, the balance of the tree—a sacred symbol of life—, and the transformative qualities of pure, fresh air. Guests can join a Temazcal ceremony, a centuries-old ritual within a “steam house”.

Besides spirituality-based journeys, Chablé also offers healing procedures like the Chablé Spiraling Sea Massage, which draws from the ocean tides to give guests spiraling strokes, thus creating an experience where body, mind and essence come together to achieve inner peace.

Our full-service SPA features eight treatment rooms: Two individual cabins with a pool, a healing & meditation cabin, a Vichy SPA room, two double rooms and a single room. For those looking to achieve well-being through fitness, the SPA at Chablé Maroma offers a wide variety of programs and activities like a fitness center equipped with Technogym gear and yoga sessions, as well as yoga for children.
