# OUR HERITAGE

Unlock the hidden treasure of **Zemí Miches All-Inclusive Resort**, where every moment immerses you in the untouched beauty of a hidden Caribbean paradise and the rhythmic beats of Dominican culture, crafting experiences as unique as the island itself

It has been said that in pre-Hispanic **Taíno** culture, the **Zemí** enabled a connection between two worlds, one physical – here and now – the other supernatural, spiritual, the land of those who have passed. Zemí allowed the Taíno to communicate with the spirits and bring their protection, power, and healing back to the physical world.
